Participating in CWS - Opportunities to Volunteer and Fundraise

There are so many opportunities to be involved in the school through volunteering your time and capabilities, and using fundraising tools to bridge the gap between what tuition covers and the true cost of operating our school. The Teachers, Admin, and Parent Association work together to coordinate volunteer efforts throughout the year - including being a class parent, driving on field trips, raking mulch, and more. We ask that volunteer hours be concentrated on the school's three major annual fundraisers - the **Annual Giving Campaign**, the **Holiday Bazaar**, and the **Spring Fundraiser**.

Join the committee! Help us plan, coordinate, and welcome school families and the Charlottesville community to the campus for this beloved annual event celebrating the winter holiday season.

The Annual Giving Campaign

Like all independent schools, we rely on charitable giving through the Annual Fund to cover the gap that results from the balancing act of keeping tuition affordable, and covering the actual operating costs of the school.

The Spring Fundraiser

With the format yet to be determined, our Spring Fundraiser this year is - at this point - a wide open opportunity for the school community to shine. Contact Amanda at marketing@cwaldorf.org to join the planning committee.

Fundraising Tools

SCRIP

SCRIP fundraising is a no-selling program that enables families to raise money by shopping with SCRIP giftcards at local and online retailers. Visit the **Raise Money for CWS** page at cwaldorf.org for details and to get started.

AmazonSmile

Set the Charlottesville Waldorf School as your AmazonSmile beneficiary to make a donation - at no additional charge to you - with each Amazon purchase. And then let your shopping extravaganza begin (*its for the children!*). Set up is free and easy, find instructions on our website.

BoxTops for Education

Every little bit helps! The BoxTop program is changing, you can now use an app to record your qualifying items. Find the app in the Apple App Store or GooglePlay - set up is very simple. Actual BoxTops can still be submitted in the Main Office.
